

WÜRTH FINANCE INTERNATIONAL B.V.

We are looking to expand our ePayments team with a:

Project Coordinator, 80-100%

We, the electronic payments (ePayments) team of Würth Finance, support the Würth Group companies in rolling out ePayments for their customers across various different sales channels. The potential scale of our project is the 400+ Würth companies in 80+ countries with each of our companies having between 2-4 sales channels on which ePayments can be enabled. For each of our projects, we collaborate across functions, organizations and external service providers. We are at a crucial juncture of our project where we are ramping up our collaboration with more Würth Group companies. As we ramp up the number of Würth Group companies that we support in their ePayments journey, we are looking for support in organizing these projects.

We need your support with the following:

- Add more structure and organization to the various projects that we are working / will be working on. This is important as we are leaving a startup-phase and entering the scale-up-phase
- Analyze existing operational processes and improve them in terms of efficiency and scalability
- Be the owner for building and maintaining the product / service / customer catalogues
- Put together processes that will help the project ramp up quickly
- Help document / build the overview of the ePayments setup of (eventually) all of our 400+ legal entities
- Establish, grow and maintain communication lines with various internal and external stakeholders
- Support the team in participating in various internal and external conferences by putting together quality decks
- Together with the other team mates, help in prioritizing projects and organizing the project rollouts / executions
- Do as much as possible of the above within the Microsoft 365 ecosystem

To be successful in this role you have:

- 2-5 years of experience in managing multiple projects
- Hands-on approach and a get-things-done attitude
- Thrive in building structures / organizing in an uncertain / agile way of working
- Strong communication skills and a people-first approach
- Advanced Microsoft Powerpoint knowledge and ability to build high quality presentation decks
- Fluency in English goes without saying and fluency in German will be a huge plus

WÜRTH FINANCE INTERNATIONAL B.V.

- Prior experience working in the ePayments area (be it at service providers such as payment service providers, acquirers, or at the merchant / business side)
- Customer orientation and solution focus
- Experience working with Power BI is a plus

What can you expect from us?

- Projects where you will be working with stakeholders from across the globe
- Lots of freedom and responsibility to get your work done in a manner you see fit
- Abundant opportunities to influence the progress of the ePayments setup within the Würth Group
- People-focused work culture
- We value openness, being straightforward and at the same time balancing it with being context sensitive
- Being a family-owned Group of companies where entrepreneurship is highly valued, we provide you the space to charter your own path within the company in addition to delivering the expected
- A multi-cultural team and a physical office that you will look forward to coming to (when the covid related regulations permit)
- Generous secondary benefits such as pension plan, ample possibility for professional and personal development, hybrid work model, 30 holidays, fun team- and company events.
