

Würth Finance International B.V.

Working Student Business Process Optimization

**'s-Hertogenbosch****16 – 20 hrs per week**

We make Treasury smart – become part of a future-oriented in-house bank.

Würth Finance International B.V. is the Treasury Center and in-house bank of the globally operating Würth Group and plays a key role in safeguarding its financial stability. From our office in 's-Hertogenbosch, we support more than 400 Group companies in the areas of financing, payment transactions, risk management and reporting. We currently have an opportunity for a working student Business Process & IT.

Your role

In the next 12 months, we will implement a new system landscape which is a great opportunity to further professionalize and optimize our business processes. If you are passionate about process improvement, automation and AI this may be the perfect job for you. In this role, you will analyze existing processes, identify improvement opportunities and help design more efficient ways of working. You will have the opportunity to contribute directly to a strategic transformation project within an international Treasury environment. Your responsibilities include:

- Analyze and document current business processes.
- Identify bottlenecks, inefficiencies and automation opportunities.
- Support the redesign and optimization of operational workflows.
- Explore and implement AI-driven solutions to improve efficiency and service quality.
- Create process documentation, flowcharts and work instructions.
- Assist with testing and implementation activities related to the new system landscape.
- Support data analysis and reporting to measure process performance.
- Collaborate with stakeholders from Treasury, IT and other departments.

What you bring

- Currently pursuing or recently completed a bachelor's or master's degree in Business Administration, Business IT, Finance, Data Analytics, Process Management, Industrial Engineering or a related field
- Affinity with financial processes
- Strong interest in process optimization, digital transformation and automation
- Affinity, experience and willingness to be hands-on working with AI tools and technologies
- Experience with process mapping tools, Power Automate, Power BI, Excel or similar tools is an advantage.
- Good command of English; German is an advantage

Würth Finance International B.V.

About you

You are a structured person who enjoys analysing and improving business processes, leveraging technology and applying AI to create smart ways of working. In addition, you recognise yourself in the following qualities:

- Analytical thinking and problem-solving mindset
- Initiative and pro-activity, adaptability
- Strong communication and stakeholder management skills
- Continuous improvement mindset, curiosity and innovation
- Able to work independently while also being a true team player
- Customer oriented attitude
- Structured, organized and accurate working style

What we offer

- **Room to grow:** Personal and professional development with excellent support and benefits.
- **Dynamic work environment:** You will collaborate with colleagues and Group companies worldwide and gain valuable insight into the financial processes of an international market leader.
- **Informal and engaged culture:** At Würth Finance, we believe in short communication lines, collaboration and appreciation for everyone's contribution. You will join a professional organisation with a family-oriented culture.
- **Attractive employment conditions:** Parttime position, flexible working hours, competitive salary, modern workplace in 's-Hertogenbosch and more.

Working at Würth Finance International B.V.

At Würth Finance International B.V., you will work in an international environment characterised by collaboration, responsibility and open communication. Here, you can actively shape the future of Treasury and take on responsibility – both by safeguarding the financial stability of the Würth Group and developing forward-looking Treasury solutions. You will have the opportunity to work in a dynamic environment with more than 400 companies worldwide and contribute your ideas within a close-knit team. We offer you the opportunity to realise your potential, both professionally and personally. We rely on smart solutions that increase efficiency and help keep the Würth Group financially successful.
